PowerBolt™ 4.2 Dual Fast Charge

K39576EU

Product Description

Charge two generation 1, 2 or 3 iPad® from one auto power outlet—and do it fast—with the Kensington PowerBolt™ 4.2 Dual Fast Charge. The PowerBolt 4.2 is designed to deliver the fastest safe charge to two iPad simultaneously. It can also provide the fastest charge to your iPhone or iPod because it recognizes the device you've plugged in and automatically delivers the fastest safe power level. PowerBolt can even deliver a 2.1 Amp to one USB charging port for your iPad and 1.0 Amp to the other port for your iPhone.

These days it seems like most people have more devices than vehicle charging ports. With PowerBolt 4.2 Dual Fast Charge, everyone can arrive with fully charged Apple devices, from iPad and iPhone to iPod—even if you're just driving across town. No more fighting over the charging outlet or running out of power when you need it most. With the PowerBolt 4.2 Dual Fast Charge, you'll spend less time charging and more time emailing, watching video clips, surfing the web and enjoying your Apple devices.

The Kensington PowerBolt 4.2 Dual Fast Charge comes complete with two 30-pin to USB charge and sync cables that can even be detached and used to sync to your home computer. Simply use our own Lightning to USB cable to charge iPod nano, iPod touch, iPhone 5 and iPad mini.
